## Why Join?

### **Influence the future of nuclear science and technology**

ANS provides a unified voice in Washington and helps educate the public about the benefits and value of nuclear science and technology through K-12 education programs and other public outreach efforts.

### **Gain knowledge from ANS publications and meetings**

Stay informed with the help of the Society's catalog of magazines, journals, standards, books, and other publications. ANS also holds two national meetings and many topical conferences throughout the year.

### **Network with more than 10,000 members**

No other organization brings together nuclear science and technology professionals like ANS. Members represent government, academia, research laboratories, medical facilities, and private industry.

### **Member benefits include:**

- FREE subscription to *Nuclear News* magazine
- FREE online access to three technical journals and *Radwaste Solutions* magazine
- Two professional division memberships
- Significant discounts on conferences and members-only pricing on books and publications
- ANS Policy Wire legislative and regulatory email updates
- Exclusive access to ANS Collaborate, an online networking community
- Access to ANS Mentor Match, a members-only networking resource
- And much more!
