

***Please Select the ANS U.S. Northeastern Local Section on  
Your Membership Renewal Form***

ANS National has changed its approach on dues collection and member assignment to the local sections. Local Section Members that are joining ANS National for the first time are eligible for discount fees for the first three years of national membership. You should apply the discount code to get a \$25 reduction in the ANS National membership fee for this coming year by applying the discount code from: <http://local.ans.org/ne/wp-content/uploads/2019/05/ANS-National-Membership-flyer-2019-Local-Sections-Discount.pdf>

Each member should now indicate their local section on their ANS National membership renewal form. Local Sections will no longer charge membership dues. Instead, the National Society will allocate a small percentage of your national dues to the local your section if you have selected your local section. You do not pay any additional dues for this. Your total annual payment remains unchanged. By selecting your local section you will be providing a source of funding for local section activities such as scholarships, student meeting funding, section prizes, and outreach expenses.

Thus the advantages to you for checking off your local section box on your ANS membership renewal form are:

1. Providing a source of funding for your local section
2. Eligibility for discount rates for local section meeting attendance
3. Opportunity to become a local section member
4. Receive alerts for upcoming local section meetings and activities

***Please help the Northeastern Local Section by selecting it  
on your ANS National membership renewal form.***
