

American Nuclear Society  
Northern California Section  
Dinner Meeting

*Electric Transportation:  
Power Delivery and Utilization*

Thursday November 21, 2013

Dan Bowermaster

Senior Project Manager, Electric Power Research Institute

Dan Bowermaster is a Senior Project Manager at the Electric Power Research Institute (EPRI), an independent non-profit center for public interest energy and environmental research.

His primary activities focus on managing a nationwide deployment project for light and medium-duty plug-in hybrid vehicles and related electric infrastructure research. In addition, Bowermaster works on plug-in electric vehicle driver behavior changing projects, analysis of electric and natural gas options for fleet support, and plug-in electric vehicle readiness for utility customers.

Bowermaster represents EPRI as an active member of various state and federal electric vehicle collaborative groups. Areas of expertise: electric transportation, plug-in electric vehicles, electric utility PEV readiness, electric utility customer support, natural gas vehicles, manufacturing, human resources.

ANS members and non-members welcome.
