Scholarship Chairman:
Mark Temme

Attention: Science Teachers

The American Nuclear Society, Northern California Section is announcing our annual scholarship for graduating high school seniors in the Northern California Area. The award this year is \$5000.00, which will be applied toward the student's first year of study at a four year accredited college or university of the student's choice. In order to be eligible for this scholarship, the student applicant must enroll in a technical course of study in the field of engineering, physical science, or mathematics and must submit the following documents along with the completed application:

- A letter of recommendation from a faculty member of the student's school
- A most recent high school transcript
- A 1-2 page typed essay regarding his/her interests related to nuclear energy

The applicant may, but is not required to, submit a brief statement (one-half to one typed page) of financial need. Detailed family financial status is not desired.

The application form is available on the ANS-NCS Webpage (see sidebar).

Please present your application in electronic format. We will accept either PDF or Microsoft Word documents. Send them to:

<mailto:northcal@local.ans.org>

All scholarship applications must be received by April 30, 2016 in order to be eligible for consideration.

If you have any questions regarding this scholarship, please feel free to contact me via email at <mailto:northcal@local.ans.org>.

Sincerely,

Mark Temme
2016 Scholarship Committee Chairman
American Nuclear Society, Northern California Section
