The following articles constitute the governing documents of the Section. The Bylaws are derived from the Bylaws and Rules of the American Nuclear Society and thus can only be modified by authority of the national Board of Directors. The Rules are developed and maintained by the individual Local Section and can be modified using the procedure set forth within. In the event of a conflict between the Rules and the Bylaws, the Bylaws take precedence. Regulations on Section governance (if any) imposed by the state government should be incorporated into the Rules as necessary.

Presentation to the Section for a vote may be accomplished by mail and/or electronically.
