

presents the first annual

Nuclear Science Writing Contest

Submission deadline EXTENDED AGAIN to May 31, 2022

Get published!

Win cash!

Give an invited talk!

We're not actually looking for Marie Curie's thesis here!

Entries must be short-form essays (**700-1000 words**) that present a nuclear science or technology topic for a **general audience**, and will be judged by a **professional panel** of science writers.

Contest open to Trinity Section **members, students, and friends—including** anyone in New Mexico. Rules, prizes, incentives, and details available at:

<http://local.ans.org/trinity/nswc21.html>
