

American Nuclear Society, Inc.
Wilmington Area Local Section

The Wilmington Area Local Section of ANS Presents: Dr. Andrew G. Cook

Senior Vice President Operation Excellence and Innovation AREVA Inc.

Dr. Cook will speak on AREVA's commitment to the daily renewal of nuclear energy, excellent and safe operations, ongoing investment, innovation, and excellent implementation in order to supply clean and safe round-the-clock power.

Dr. Cook is the Senior Vice President of Operational Excellence and Innovation (OEI) for AREVA North America. The OEI's scope of supply includes nuclear steam supply, solar, biomass, and offshore wind turbine power systems, BWR and PWR nuclear fuel (uranium, SWU, conversion and fabrication), MOX, dry cask fuel storage, PWR and BWR nuclear services including steam generator support, refueling services, ISI, NDE, nuclear and plant engineering, plant life extension, BWR and PWR plant upratings, I&C, replacement components (steam generators, reactor vessel heads etc), and primary and secondary system piping and pressure vessel repairs.

Dr. Cook has a Ph.D and M.Sc in nuclear engineering from MIT; his doctoral work was in nuclear transient analysis. He has a B.S. from Cornell where he graduated Magna Cum Laude. He has a MBA from the University of Pittsburgh where he was valedictorian. He previously worked at Westinghouse and ABB.

When: Thursday April 18th, 2013
