

Memorandum

Date: 4 August 2022

To: American Nuclear Society Northeast Section

From: Christine Roy

Subject: COVID-19 Protocol for Meetings at SGH

ANS-NE Meeting Attendees,

As we adapt to changing COVID-19 conditions, we ask each person to consider their "COVID Accountability" to one another. We take individual responsibility to keep ourselves and those around us safe while remaining diligent and respecting others' safety preferences. We encourage you to follow CDC recommendations. Stay home if you are experiencing COVID-19 symptoms. Leave the meeting immediately if you develop a COVID-19 symptom. Take precautions based on your vaccination status if you know that you have been exposed to others with COVID-19 (spending 15 minutes together in any 24-hour period). Follow CDC guidance on isolation, quarantine periods, and masking.
