the North American Young Generation in Nuclear
Guest Lecture**

Mr. Ted Rockwell
National Sigma Xi Lecturer
Wednesday October 15th, 2003 - The Science Museum of Virginia
[Directions](#)

Perspectives from a Nuclear Pioneer

The Virginia Section of the North American Young Generation in Nuclear (NA-YGN), in collaboration with the VCU Society of Sigma Xi and the Science Museum of Virginia, has the honor to invite you to a Special Guest Lecture with Ted Rockwell, one of the pioneers in the development of Nuclear Science and Technology

Author of "Creating the New World, Stories and Images from the Dawn of the Atomic Age", Ted Rockwell is one of the major figures in the development of Atomic Energy. Among other roles, he was the Technical Director of the program of development of the Nuclear Navy and the building of the first commercial Nuclear Reactor at Shippingport, PA.
